These injuries can be caused by blunt or penetrating mechanisms such as falls, motor vehicle collisions, stab wounds, and gunshot wounds (World Health Organization, 2018).

KEY RECOMMENDATIONS

RECOMMENDATIONS TO THE NATIONAL OFFICE FOR TRAUMA SERVICES, HSE

- The National Office for Trauma Services, HSE should continue to work closely with, and support, the MTA by:
  - providing clear definitions so accurate data can be collected
  - using the data from the audit to highlight injury prevention opportunities and to monitor and support the changes in the trauma system

RECOMMENDATIONS TO HOSPITAL MANAGERS, CLINICIANS AND AUDIT COORDINATORS

- Each hospital should have a governance committee who look at the data regularly together and act on any findings

RECOMMENDATIONS TO THE NATIONAL OFFICE OF CLINICAL AUDIT

- The National Office of Clinical Audit (NOCA) will work with the Health Service Executive to develop a strategy for sustainable support for clinical audit in the hospitals.

- The National Office of Clinical Audit (NOCA) should continue to support each hospital to:
  - establish a committee to look at the data regularly and use it for improvement
  - collect good quality data
  - support and train staff to use the reports issued

- The National Office of Clinical Audit will continue to highlight ways that this data can be used for injury prevention and public awareness by organisations like the Road Safety Authority and the HSE AFFINITY National Falls and Bone Health Project.

- NOCA should also:
  - continue to support research into this group of patients
  - work with Public and Patient Interest (PPI) representatives and groups to use and share safety messages from the audit.

PATIENT AND PUBLIC INTEREST

“The data from this report shows that we each can play a role in preventing life-changing major trauma events by being more aware of hazards and risks to our safety and use it to keep ourselves and our families safe, especially in our homes, workplaces and on the road”.

Naomi Fitzgibbon, Patient and Public Interest Representative, MTA Governance Committee
